## Company Overview

Safehub is a leading provider of safety products and installation services in Australia, dedicated to enhancing security across residential, commercial, and industrial settings. With a broad range of high-quality solutions, Safehub ensures reliable and effective protection tailored to each client's unique needs. Our expert team offers comprehensive support from initial consultation to final installation, maintaining the highest standards of quality and safety.

Safehub's commitment to customer satisfaction and innovation has established us as a trusted name in the safety industry. We continuously invest in the latest technologies and training to stay at the forefront of safety solutions. Our partnerships with leading service providers, such as Netclean, enable us to offer a comprehensive suite of services that address all aspects of safety and security. Additionally, we offer line marking services to enhance the organisation and safety of car parks and other spaces.

## Safehub

We specialize in serving a wide range of industries, including but not limited to:

Retail and  
E-commerce

Healthcare

Education and  
Government

Residential

Industrial and  
Manufacturing

Food and  
Beverage

## Certifications and Compliance

Safehub is fully certified and compliant with all relevant industry regulations and standards. Our technicians are trained and certified to handle various safety systems and installations, ensuring that all projects are executed safely and professionally.

We stay up-to-date with the latest industry developments to provide cutting-edge solutions.

## Key Services

### 1. Installation Services

Safehub offers expert installation services for all safety products. Our trained technicians ensure that each product is installed with the highest standards of precision and care.

### 2. Wholesaling

Safehub also offers a wide range of safety products at wholesale prices, ensuring that other businesses can access high-quality safety solutions at competitive rates. Our wholesale offerings include bollards, speed humps, signs, wheel stops, convex mirrors, and more.

### 3. Metal Work

Our skilled team provides custom metal work solutions tailored to meet specific safety and security needs. This includes fabrication and installation of various metal structures.

- Supply & Install of Safety Barriers
- Supply & Install of Bollards
- Supply & Install of Tactile and Stair Noising

### 4. Epoxy Flooring

Our epoxy flooring solutions are ideal for environments that require durable and easy to maintain surfaces. Epoxy flooring offers added benefits, including enhanced safety and durability, making it suitable for high-traffic and industrial areas.

### 5. Linemarking Services

Safehub, specialises in professional line marking and signage installation for roads, car parks, warehouses and commercial spaces. Utilising the latest equipment and materials, we ensure precise and durable markings that meet industry standards and enhance safety in different environments.

Netclean provides specialised cleaning services tailored to commercial and industrial settings. Their comprehensive cleaning solutions include high-pressure cleaning, sweeping and scrubbing, shed clean and initial and final clean.
